 - Record and document all testing results accurately.
2. Chemical Treatment:
 - Adjust chemical levels as needed to maintain optimal water quality for swimming.
 - Administer other chemical treatments to ensure the safety and cleanliness of the pool.
3. Equipment Maintenance:
 - Conduct minor repairs on pool equipment, including the replacement of filters and pumps.
 - Monitor and troubleshoot equipment issues to ensure proper functionality.
4. Pool Area Maintenance:
 - Clean and maintain the pool deck and surrounding areas to uphold cleanliness standards.
 - Perform routine inspections to identify and address any potential safety hazards.
5. Communication:
 - Report all findings and maintenance activities to the Director of Maintenance.
 - Collaborate with other team members to address any issues promptly.

Qualifications:

- Previous experience in pool maintenance or a related field is preferred.
- Knowledge of pool water chemistry and treatment procedures.
- Ability to perform minor repairs on pool equipment.
- Strong attention to detail and accuracy in recording testing results.
- Good communication and teamwork skills.

- Ability to work a flexible schedule, including weekends.

Physical Requirements:

- Ability to lift and carry equipment and supplies up to 50 pounds.
- Comfortable working outdoors in various weather conditions.

Work Environment

This position requires occasional work in or around water, confined quarters, heights, loud environments, moving objects and large crowds. A successful candidate will be able to work in all weather conditions, including vast temperatures and weather conditions.
